

# Passenger Acknowledgement of Risk during Pet Movement

We understand the trust you have put into Air Mobility Command (AMC) to transport your pet. Their safety and comfort is paramount. As a condition of transporting your pet, we require you: (1) obtain a valid and up-to-date health certificate for each pet, (2) consider the risks associated with transporting your pet via air, included those outlined below, (3) acknowledge your understanding and willingness to accept those risks, and (4) review and agree to the terms and conditions outlined below.

## **Risk factors associated with animal transportation:**

- Not allowing proper time for the animal to get used to their travel crate prior to departure may increase stress, injury, or chance of escape
- Stress may result from extreme temperatures, an unfamiliar environment, and other travel related factors
- Pre-existing health conditions may worsen during air travel
- Multiple connections or long lay-overs may increase animal risks

More information regarding these and other risk factors can be found in the AMC pet travel pamphlet located on the AMC Travel Pet site, and by speaking with your veterinarian.

## **To maximize pet safety and as a condition of AMC accepting and transporting your pet:**

- I confirm that I have reviewed the information provided by AMC to include its animal acceptance policies and have prepared my animal accordingly
- I confirm a licensed veterinarian has certified my animal is at least 8 weeks old and has a valid health certificate dated within 10 days of travel.
- I understand AMC has the right to deny travel if my animal demonstrates aggressive behavior or is otherwise deemed a risk for travel.
- I confirm I have complied with all AMC policies, IATA Live Animal Regulations, USDA/APHIS, and any other applicable local, state, federal and/or international animal travel requirements, including those applicable to my animal's destination (the "Applicable Regulations").

**I further understand and agree:**

- It is my responsibility to comply with all Applicable Regulations and AMC policies
- I accept and agree to all terms of this Passenger Acknowledgement form (Animal Transportation) as the conditions on which AMC provided transportation for my pet
- Certain failures to comply with AMC Policies and Applicable Regulations constitute fraudulent misrepresentation for which AMC may deny travel for my animal. Fraudulent acts and/or misrepresentations for which AMC may deny travel include without limitation (a) providing a health certificate that is false, intentionally incomplete, or prepared for a different animal, (b) providing false statements regarding the acclimation procedures previously performed and/or (c) providing false statements regarding the overall health or behavioral temperament of the animal.

You are personally liable for complying with applicable guidance, assessing your pet’s health condition, and understanding your pet’s age/condition and breed/species. Your pet may be at further risk of complications from travel. AMC will reduce exposure to extreme temperatures, but we cannot modify or alter your pet’s experience with anxieties of being in a kennel, exposure to noise of other pets, people, or altitude changes.

My signature below certifies that I have read and understood the requirements provided by AMC and agree to the terms and conditions set forth in this Passenger Acknowledgement form as a condition of the transportation of my pets with AMC, and understand that they are not comprehensive, and that air travel is inherently stressful and affects each animal differently.
