

Are you bringing your furry friend with you?

PETS GUIDANCE

WHAT YOU NEED TO KNOW

To fly your pets with you

Guam is rabies free. Guam's quarantine law is designed to protect residents and pets from the devastating problems associated with the spread of rabies. Success of the quarantine program is dependent on maintaining isolation of your pet from other animals during any required quarantine period. The Guam USDA Endorsement Office is your main point of contact for all questions regarding pet travel guidance.
