

Typhoon Season

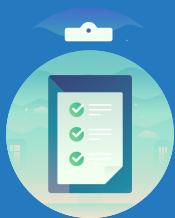

Typhoon Preparedness!

Time to prepare for a potential land falling tropical storm or typhoon. Three best tips to make sure you are ready!

Make a Plan

- Discuss w/family
- Evacuation routes
- Specific needs
- Emergency Contact List
- Where to meet

Build a Kit

- Water
 - Food
 - Battery Radio
 - First Aid Kit
 - Flashlight
 - Portable Cell Chargers
- **Don't forget to refill your medications

Stay Informed

- Radio stations
- News Channels
- Social Media pages
- Update local contacts
- Keep family informed

Visit Ready.gov and plan ahead for any disaster or emergency

Typhoon: What you need to know

BASIC TROPICAL CYCLONE STRUCTURE

CATEGORIES

- 1 Minimal Typhoon
Max sustained winds 39-73 mph
- 2 Moderate Typhoon
Max sustained winds 74-95 mph
- 3 Strong Typhoon
Max sustained winds 96-110 mph
- 4 Very Strong Typhoon
Max sustained winds 130-156 mph
- 5 Super Typhoon
Max sustained winds 157-194 mph

STORM ALERT

Tropical Storm WATCH: Alert that sustained winds of 39-73 mph are **possible** within 48 hours

Tropical Storm WARNING: Alert that sustained winds of 39-73 mph are **expected** within 36 hours

Typhoon WATCH: Alert that sustained winds of 74 mph or greater are **possible** within 48 hours

Typhoon WARNING: Alert that sustained winds of 74 mph or greater are **expected** within 36 hours

Tropical Cyclone - Condition of Readiness TC-COR

- Guam is always in TC-COR 4; a typhoon may develop and hit the island in 72 hours
- 4 Winds of 57 mph (50KT) & above are possible within **72 hours**
 - 3 Winds of 57 mph (50KT) & above are possible within **48 hours**
 - 2 Winds of 57 mph (50KT) & above are possible within **24 hours**
 - 1 Winds of 57 mph (50KT) & above are possible within **12 hours**

Frequently Asked Question

For more details, visit us at www.ready.gov

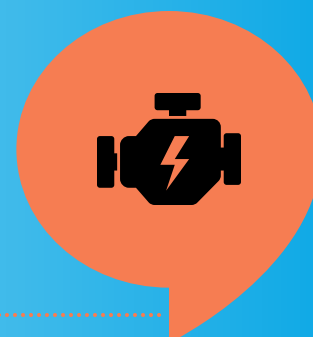

Q: How long will the power be out?

Numerous factors affect the recovery efforts, both on-and-off base. It is possible some housing areas will be restored before others. If is possible your neighbor has a generator. The Navy will restore power/water to work areas first, then to housing as soon as they can.

Q: Should I get a generator?

Purchasing a back-up generator is a personnel responsibility and one you (and your landlord) should consider.

Q: Can I stay at a hotel?

Yes, but at your own expense unless full Temporary Lodging Allowance (TLA) is authorized. *Per the Joint Federal Travel Regulations, Chapter 9, only uniformed members (and their dependents) are eligible for TLA. Civilian employees are NOT eligible for TLA.*

Q: What happens if my home is uninhabitable?

For Civilians, per the OPM Handbook on Pay and Leave Benefits affected by Severe Weather Conditions/Emergency Situations, civilian employees may be eligible for evacuation pay and their dependents may receive applicable special allowances.

Q: Where can I get more information?

Visit your Sector Emergency Management Specialist or visit www.ready.gov for more information about what to do during any emergencies.
